### adidas Originals Tubular Instinct Boost

adidas Originals brings a touch of natural luxury to the Tubular Instinct Boost silhouette this December, with two new iterations of the high cut silhouette in high-end material makeups.

Inspired by Paris, the City of Lights, the release channels the Parisian reputation for style and fashion through a premium natural leather construction in vegetable tan and black colourways, complemented with crisp tonal details across the upper. A contrast white midsole with concealed Boost adds unparalleled comfort and support, whilst a subtle moc-stitched 3-stripes detail on the heel adds a touch of high-fashion aesthetic, culminating into an understated footwear release with refined stylistic sensibilities befitting the world's fashion capital.

The adidas Originals Tubular Instinct BOOST is available on **December 8** at adidas Originals Flagship Stores, Onlineshop and selected shops.
