adidas Originals – EQT Support 93/17

The new adidas Originals EQT Support 93/17 silhouette returns this month in a new colour configuration, continuing the bold evolution of the 3-stripes' iconic Equipment series. Returning to the shoe's original material makeup, this release sees the EQT Support 93/17's signature woven upper rendered in a white pixelated noise motif, countered with premium leather panels and the EQT series' signature webbed 3-stripes lacing system. Finishing touches include essential TPU ankle supports, an external heel cage, OrthoLite® sockliner and the shoe's iconic extended 3-stripes along the midsole. Contrasting black and white colours on the lateral and medial sides create an edition that looks truly distinct from every angle, united through a striking hit of EQT Turbo Red around the ankle support. The result is another uncompromised iteration of the latest generation of Equipment.
