adidas Originals – EQT Racing 91/16 W

A modern approach to one of the most memorable silhouettes of the original EQT series, the EQT Racing 91/16 for women combines the progressive design of the original model with technical updates to create a bold new design.

The latest release features a pure white makeup across the upper, utilizing a knitted mesh construction with nubuck overlays and a welded nubuck toe panel. The shoe's original EQT midsole is then upgraded with a full BOOST tooling, accented by a Turbo Red heel panel on the outsole. Pairing the original blueprint of the EQT Racing design with a stark, minimalist palette, the release culminates as a powerful expression of the uncompromizing philosophy of EQT.
