

Stemper Talks “Total Cost of Ownership” at UCT Conference

Brad Stemper, solutions marketing manager for CASE Construction Equipment, will discuss heavy equipment total cost of ownership as part of a seminar at the [2015 Underground Construction Technology International Conference & Exhibition](#) (UCT). Taking place January 25-29 in Houston, UCT is the premier event in the United States focusing on underground infrastructure.

Stemper will speak on Tuesday, January 27th at 9 a.m. as part of [Track VII – Underground Utilities Construction](#).

“As equipment and engine technology become more advanced, competition is as fierce as ever, and getting the job can come down to how efficient you can be with your equipment fleet,” says Stemper. “Controlling and lowering operating costs as they relate to your equipment is one way to bid more aggressively.”
