NET SET
COLLECTION

TENNIS IS SOCIAL

Take it to the country club. The FILA Net Set collection is all about pretty peplums, baby pleats, body shaping cuts and a minty-clean color palette. But don't let its classic silhouettes deceive you. Net Set's feminine and innocent vibe has been deliberately paired with high performance textures like tech French terry, fine pique, and sporty knits. Combined together, it's total court domination. And that's a lovely surprise for any opponent.
