GINGHAM

COLLECTION

## TENNIS IS FASHION

Gingham has been long regarded as one of fashion's most quintessential prints. And this season's eponymous collection updates the pattern with a fresh, contemporary point of view. The result? Flirty styles with a girl next door-meets-fitness pro flair. That means ultra-wearable stretch jersey leggings, slim cut dresses with navy and white piping, and an occasional sweetheart neckline. It's training-to-game time perfection.
