

FILA

PLATINUM
COLLECTION

PLAY —POWERFULLY

FILA breaks the mold for innovation once again in the dynamic, luxe Platinum collection. Its sharp runway-inspired silhouettes powerfully glide through the court with unexpected flashes of shocking purple, bursting marmalade, and reflective silver taping. Continuing the cutting-edge experience are ultra-smooth heat-sealed seams and laser cut dot texture. Plus, for the very first time, new Italian-made Sensitive® Fabrics by Eurojersey is used throughout the collection to maximize breathability, infuse extra comfort, and provide UV protection. Together, these features keep our players focused on court. Crave Platinum-level technology while you train too? FILA has that covered with new styles including a generous-fit burnout tank and stretch capri to provide serious pre and post-game style.
