

NORTHEAST CORRIDOR SUPPLIERS

*Manufacturers from across the Northeast
Corridor Contribute Components to the
ACS-64 Electric Locomotive*

*Many suppliers from the northeast
region are part of the 69 overall
suppliers from 61 cities in 23 states
contributing parts to Amtrak's new
ACS-64 electric locomotive.*

*The locomotives are being
assembled at Siemens' renewable
energy-powered rail manufacturing
plant in Sacramento, CA.*
