
OVERVIEW

NEWPORT

Classic heel-and-toe weighted blade with a plumbing neck, shorter rounded contours, a 303 stainless steel face inlay and new flange sight line.

OVERVIEW

NEWPORT 2

Legendary low-slung modern heel-and-toe weighted blade with a plumbing neck, longer angular contours, 303 stainless steel face inlay and a flange sight line.

OVERVIEW

NEWPORT 2.5

Modern blade with longer Newport 2 profile, crisp lines, short flare neck, 303 stainless steel face inlay and flange sight line.

OVERVIEW

NEWPORT 2 NOTCHBACK

Angular modern blade with distinct, mechanical contours, a notched flange, flowing single-bend shaft, and a 6061 aircraft grade aluminum face inlay with a single flange sight line.

OVERVIEW

NEWPORT M1 MALLET

Rounded, flowing mid-mallet with 6061 aircraft aluminum wrap-around face-sole technology, sweeping single-bend shaft, and pop-through flange alignment system.

OVERVIEW

NEWPORT M2 MALLET

Rectangular, boxy mid-mallet with 6061 aircraft aluminum face-sole technology, flowing single-bend shaft, and pop-through flange alignment system.

OVERVIEW

NEWPORT 2 NOTCHBACK DB

Features a 50-gram heavier putter head counter-balanced with a 50-gram weight in the grip-end of the shaft to stabilize the putting stroke; 38" standard length with a 15" Dual Balance grip to slow down and stabilize the butt end of the putter throughout the stroke.
