GOLF COURSE AND COUNTRY CLUB

COURSE DESIGN

The second collaboration of Tom Fazio, Steve Wynn and Mother Nature has resulted in 18 unforgettable holes right outside our back door for the use of our guests and other visitors to the Strip.

PLAY INFORMATION

The par-70 course is 7,042 yards in length. Its Pennlinks Bentgrass greens are built to USGA specifications and the fairways and tees are Tifway II Hybrid Bermuda grass.

AMENITIES

Nestled away in the heart of the resort, the Country Club provides a traditional clubhouse setting, complete with lounge, men's and women's full-service locker rooms, pro shop, practice facility, caddy service and professional assistance.

FUN FACTS

Over 800,000 cubic yards of earth were moved to create the dramatic elevation changes considered impossible on the Las Vegas Strip

- Over 100,000 new shrubs were planted in creating this brand new landscape. In addition, roughly 1,200 existing trees were salvaged and relocated from the former Desert Inn Golf Course, some more than 50 years old and over 60 feet tall
- 4,600 lineal feet of stream and two marshland areas using natural groundwater provide water accents on most holes
- 37-foot waterfall is the focal point of the 18th hole and provides a spectacular view from The Country Club Grill
