

## PR FACTSHEET

### POWERCAT 1.10 GLOVE

The **PowerCat 1.10 Glove** continues PUMA's history of producing top-of-the line goalkeeper gloves and adds a punch of power.

The PUMA Flexible Finger Protection System allows goalkeepers to adjust the individual protection levels for each finger with a spine that keepers can adjust. The POWER Wrist has two-directional silicon straps for added support and stability.

The PowerCat 1.10 Glove gets a thrust of power with PUMA's new power foam feature on the backhand. This padding compresses slower than it expands, giving keepers more power when punching away incoming shots on goal.
