

Men's Bolt ACTV LS Tee

Style Number: 509773 02

Materials: 76% Polyester, 24% Lycra Sport;
PUMA ACTV Tape; powerCELL™; Mesh
Inserts.

From the Bolt Collection, the PUMA ACTV* LS Tee takes athletic taping principles one step further.

Engineered for high performance and endurance sports, the ACTV LS Tee is a fusion of compression and athletic taping built inside the garment.

Previous taping methods placed tape strips directly onto an athlete's skin in specific patterns in order to take pressure off active muscles. With PUMA ACTV product, the tape is strategically placed to the inside of the shirt, helping to maximize muscle power during a workout.

The stretch silicone athletic taping is designed to work with the body and provide micro-massage in specific areas of the upper body to help provide faster energy supply to the muscles.

This powerCELL™ garment includes mesh inserts for enhanced breathability and reflective logos for visibility, adding functionality needed for athletic performance.
