

## Information

### adidas Originals – NMD\_R1 W

adidas Originals' contemporary classic NMD\_R1 silhouette gets a new color treatment this month, featuring an iridescent outsole detail.

The latest release retains the shoe's original stretch-mesh upper construction in a Midnight Grey colorway, lined with a breathable mesh for sock-fit comfort. Reflective laces and welded 3-stripes add a pop of flash to the designed, finished with the NMD's signature molded heel-tab. The essential NMD BOOST tooling with EVA plug inserts is present as ever, whilst the shoe's outsole has been replaced with glow-in-the-dark rubber, rendering the original NMD silhouette in one of its most striking iterations yet.
