NMD_CS2

NMD_CS2, the second generation of NMD's hyper-minimal sock silhouette, steps out in two new iterations this month, continuing the shoe's evolution of the fundamental NMD philosophy.

The NMD_CS2's latest release retains the shoe's groundbreaking wrap-around Primeknit construction, elevating the original model's sock-like fit even further, whilst contrast embroideries on the vamp and forefoot add a touch of visual flare. Pinstripe detailing on the collar highlights the shoe's left-field design, placed atop the sharpened BOOST tooling of NMD 2.0, featuring asymmetric EVA plugs and engraved visual artifacts. Offered in essential Core Black and Pearl Grey colorways, it's a release that underscores the progression of NMD's second generation.
