## Superstar Update

The iconic shell-toed Superstar gets another release this month courtesy of adidas Originals, continuing to celebrate the shoe's status as a monument of modern street culture.

For its latest release, the Superstar steps out in a premium vintage suede construction across the upper, including its serrated 3-stripes mark. Gold branding details on the lateral ankle and tongue are complemented by a metallic gold sockliner, all rounded off with the essential Superstar cupsole with the iconic Superstar Shell-toe. Releasing in an understated Grey Five/Utility Black colorway inspired by the city streets where the Superstar finds its home, the result is another fitting tribute to an icon of culture and creativity.
