

## Information

### NMD\_CS1 GTX PK

adidas Originals gives the NMD\_CS1 silhouette a weather-ready tech update this month to create the NMD\_CS1 GTX PK.

Featuring a Primeknit textile construction across the shoe's one-piece upper, the release's unassuming design conceals a full GORE-TEX™ membrane lining making the shoe completely waterproof and breathable. Essential NMD details such as a branded heel pull and Boost midsole with signature EVA plugs are retained in full, finished with adidas branding on the forefoot plug and a GORE-TEX™ branded label on the heel. In a strictly monochrome release, the NMD\_CS2 GTX PK silhouette is offered in two colorways; White with a blacked-out midsole, or vice versa, culminating in an understated release that lets the tech do the talking.
