

DOWNTIME WITHOUT COMPROMISE

AGRAVIC DOWN HOODED JACKET - FW17
| MULTI SPORT | BACK COUNTRY | URBAN |

DURING THE MOMENTS BEFORE AND AFTER OUTDOOR ADVENTURES, THE PRIORITY IS TO STAY DRY, WARM AND STILL LOOK SHARP. THE AGRAVIC DOWN HOODED JACKET BLENDS SMART FEATURES WITH SLICK DESIGN TO GET THE OPTIMAL DOWNTIME, FROM THE TRAILS TO THE BAR.

All multi-sport adventurers respect the periods of calm that surround the contrastingly high-intensity action in the outdoors. Tuning bikes in the carpark, belays at the crag, post-trail run cool downs. Busy schedules also mean fitting in a quick pre-ride social coffee before hitting the hill or a swift post-climb recap beer at the bar with friends.

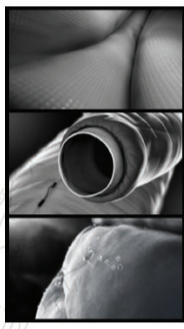

These quintessential periods of 'downtime' are important, valued and require us to have hard-working, versatile equipment that serves and a superlight, water repellent down jacket is a go-to in the kit bag.

To stay warm during lull-time between pursuits, the **TERREX Climaheat Agravic Down Hooded Jacket** features **Climaheat Technology** with a patent-pending baffle construction where every other baffle is bigger, overlapping the stitching lines to **eliminate cold spots**.

Additional seals at the cuffs and collar **traps warm air** inside the jacket and help prevent heat loss for when the conditions really start to bite.

Lightweight durability on the outside fabric is guaranteed thanks to the 25g/sqm light Pertex Quantum GL fabric which is engineered to trap still air and aid **insulation efficiency**. Meanwhile a DWR treatment that also **sheds light rain & snow**.

Finally, the Agravic also neatly **packs into the chest pocket** for easy stow-away and to double-up as a pillow, for travel on the road or camp-outs in mountain huts.
