

## Information

### Arkyn W

Blending powerful elements from streetwear, sportswear and high fashion into a single, cohesive design, adidas Originals presents a brand-new silhouette, exclusive to women, for 2018 – the Arkyn.

Raising the standard for fashion-forward women's footwear, the Arkyn combines adidas' unparalleled sportswear pedigree with an uncompromising style perspective to create a new expression of what women's athletic footwear can be.

The Arkyn features a clean technical mesh upper, decorated with the 3-Stripe mark and a mesh tongue, designed with a sock-like construction for optimum comfort and fit. Striking design elements like a neoprene heel and unorthodox minimalist lacing system raise the aesthetic profile of the shoe, while a Boost™ midsole with rubber outsole offers the very best in adidas tech. The final product is a fearless combination of everything adidas Originals does best – uniting, style, sport, culture and creativity under a single roof.
