Samba Rose

adidas' new variation on its classic Samba model, the Samba Rose silhouette, steps out in four new configurations this month, combining essential seasonal colors with a unique material approach to create a truly elevated take on the new silhouette.

For its latest outing, the Samba Rose model assumes a premium snakeskin embossed leather upper, countered with a tonal heel tab and 3-Stripe mark, placed atop the shoe's signature enlarged sole unit in a classic gum colorway. Other classic elements of the Samba model are retained in full, such as the shoe's essential T-toe panel, stitched details and gold foil branding hits, finished with tonal laces and an embossed Trefoil logo on the midsole.

Rounding off the release's softly-spoken summer mood, the Samba Rose model will release in four seasonal colorways – Black, Pink, Teal and Tan – culminating in a clean, women's-exclusive release for summer that puts timeless 3-stripe style in a slick, feminine context.
