

PLAY FOR PLANET

LOOK OVERVIEW

PLAY FOR PLANET

The perfect extension to her tennis wardrobe, the Play for Planet look ensures her workout is versatile from running to training on court as well as in the gym.

The key look features cutting-edge technology including BOOST™ and Climachill, engineered to meet dynamic training needs, while designed with innovative materials including recycled polyester and ECONYL® regenerated yarn to make her better at what she does while keeping the environment in mind.

Available to purchase from 15th July 2019 at adidas.com and stellamccartney.com.

PRODUCT FEATURES

1 LIGHT JACKET - EA2536

The ultimate to and from piece perfect for a warm up while training. Made with 100% recycled polyester on the main body part that brings unrivalled comfort, with cord adjustable hood and waist.

2 WARP KNIT LONGSLEEVE - DY4182

The slim fit performance top warp knitted with ECONYL® regenerated yarn provides a second-skin feel and zero distraction. Open hole structure also helps to stay cool in the studio.

3 RUN M20 SHORT - EA2196

Functional fit perfect for running as well as versatile training, with made with recycled polyester that brings breathable comfort during performance.

4 ALPHASKIN TANK - EA2135

Tight fit and double knit fabric with Climachill hugs the natural curves of the body and helps to keep cool. Finished with ultrasonic seams and all-over Stella graphic print.

5 RUN BELT - DZ6820

Perfect for storing valuables during a run and workout, the run belt is back in a seasonal Intense blue and black color.

6 RUN CAP KNIT - DZ4855

Designed for outdoor training or running, knit technology from the footwear range has been used allowing precise material zoning for extra breathability and an improved fit.

7 PULSEBOOST HD S - G25877

Made with recycled polyester upper and stretchweb rubber outsole which flexes to the way the foot hits the grounds. Built on BOOST™, adidas' most responsive cushioning ever.
