

HYPERBOOST

HYPERBOOST EDGE

PRIMEWEAVE UPPER

Made from a super-soft, hyper-light woven material that delivers effortless comfort and reliable lockdown for a secure fit.

COMFORT PODS

Integrated heel pods provide targeted cushioning and added stability, enhancing step-in comfort without distraction.

LIGHTTRAXION OUTSOLE

A full-length LIGHTTRAXION outsole - typically seen in the Adizero franchise - delivers high traction and grip from heel to toe.

HYPERBOOST PRO FOAM MIDSOLE

A new high-performance, lightweight foam that delivers a uniquely energetic feel underfoot. Built on proven material insights, the foam has been engineered into a new formulation optimized for every type of run, from daily sessions to high mileage training.
