

CNH Industrial named as Capital Goods Industry Group Leader in Dow Jones Sustainability World and Europe Indices

With a winning score of 91/100, CNH Industrial has been named as the leading sustainable company in its industry category.

London, September 10, 2015

The Dow Jones Sustainability Indices (DJSI), World and Europe, has named CNH Industrial as Industry Leader for 2015 in the Machinery and Electrical Equipment industry. This is the Company's fifth consecutive year in the Indices' top position. The DJSI has also named CNH Industrial as leader in the Capital Goods Industry Group, which includes 246 companies in seven industries.

The 2015 assessment resulted in a score of 91/100 for CNH Industrial, compared with an average of 52/100 for the participating companies in the Machinery and Electrical Equipment industry. All companies chosen for consideration in the indices are evaluated by RobecoSAM, specialists exclusively focused on sustainable investment.

"We are proud to see that our dedication to these increasingly important issues has once again resulted in us being named as Industry leader, and now also as Capital Goods Industry Group Leader. This result confirms that we are on the right path, one which calls for us to continue to improve upon all that we do, building a sustainable future for all of our stakeholders," commented Chief Executive Officer, Richard Tobin in response to the news of CNH Industrial's re-appointment as Industry Leader and the new leader position in the Capital Goods Industry Group.

The DJSI World and DJSI Europe Indices are among the most prestigious sustainability-focused equity indices. Inclusion in these indices is limited to companies that are judged as exemplary in terms of their economic, environmental and social performance. The DJSI World evaluation process invited 90 companies to participate in the Machinery and Electrical Equipment industry category. Only 10 of which were then admitted to the index. For the DJSI Europe indices, 32 companies were invited to participate and eight were admitted.
