

FPT INDUSTRIAL LAUNCHES TOLL-FREE NUMBER FOR MARINE SUPPORT

Turin, July 2015

FPT Industrial is to launch a permanent, toll-free number to provide information and support to its customers in the marine sector.

The engine provider has previously offered this support during the summer months but from July 2015 it will launch a 24/7, year-round toll-free service that covers the western area of the Mediterranean Sea.

“At FPT Industrial we pride ourselves on delivering outstanding customer service, when the customer needs it,” said Massimo Rubatto, Sales Vice President at FPT Industrial. “Having trialed the marine service over short periods previously, we’ve increased our support in this area to make the enquiries line a full-time service for our valued marine customers.”

The toll-free number provides an easy access point for information and assistance for marine engine owners across France, Italy, Malta and Spain.

For assistance and information, customers should dial 00 800 00 378 000.

FPT Industrial is a brand of CNH Industrial, dedicated to the design, production and sale of powertrains for on and off-road vehicles, marine and power generation applications. The company employs approximately 8,200 people worldwide, in ten manufacturing plants and six R&D Centers. The FPT Industrial sales network consists of 90 dealers and over 1000 service centres in almost 100 countries. A wide product offering, including six engine ranges from 31 kW up to 740 kW and transmissions with maximum torque of 200 Nm up to 500 Nm, and a close focus on R&D activities make FPT Industrial a world leader in industrial powertrains.
