

Wheel Rakes

Procart™ Deluxe Carted Wheel Rakes

Faster, Cleaner Raking

New Holland ProCart™ deluxe carted wheel rakes are the professional's choice for big raking capacity. They offer dependable, high-speed raking, allowing you to create windrows that are easy to bale. Whatever conditions you face – from heavy windrows to tilled or thick, wide swaths – ProCart wheel rakes make short work of raking. Individual floating rake wheels and newly optimized raking angles provide cleaner raking and help form more uniform easier to bale windrows so you can put up quality hay quickly. The well-built frame provides the strength and reliability you need, and it's compact and stable so you can move fast between farm and field.

Models:

- 819 8-Wheel
- 1022 10-Wheel
- 1225 12-Wheel

DuraVee™ Trailing Wheel Rakes

The Fast Way to Move More Hay

New Holland DuraVee™ trailing wheel rakes are the right choice for high-capacity haymakers looking for a fast way to move more hay. Offered in seven models with raking widths from 17' 5" to 36', these rakes are perfect for many different sizes of haymaking operations. Simple adjustments mean you rake all of your crop and head down the road quickly when you're finished. Strengthened components, like thick frames and heavy-gauge steel tubing for wheel supports, enhance durability so DuraVee rakes withstand high-speed operation in varying field conditions.

Models:

- DuraVee™ 817
- DuraVee™ 1020
- DuraVee™ 1225
- DuraVee™ 1428
- DuraVee™ 1631
- DuraVee™ 1833
- DuraVee™ 2036

Heavy-duty Wheel Rakes

Bigger and Better Windrows, Faster Than Ever

The H5980 heavy-duty wheel rake keeps pace with even the highest volume hay growers. Superior design and construction, including offset wheels, hydraulic windrow width adjustment and patented mechanical rake beams, make short work of broad flatland raking, and let you get the best windrows out of every crop.
