

FPT INDUSTRIAL EQUIPS THE MCCORMICK X6.440 VT-DRIVE AWARDED “BEST UTILITY” AT TRACTOR OF THE YEAR 2018 AWARDS

Turin, November 21, 2017

The 2017 edition of Agritechnica opened with the **Tractor of the Year 2018 Awards**. **FPT Industrial** was mentioned in the “**Best Utility**” category, having equipped the **McCormick X6.440 VT-Drive tractor**.

PRESS RELEASE

The jury, composed of 24 expert journalists from leading international trade publications, decided to award the machine powered by the FPT Industrial **NEF 45 StagellIB / Tier4 Interim engine**, confirming the excellence of FPT Industrial. Last year, in fact, FPT Industrial was recognized both in the “Best Utility” category, with the F34 Tier 4B/Stage IV engine, and as “Best Tractor of the Year”, powering the CASE IH Optum 300 CVX with a N67 eVGT engine.

The prize, established in 1998, recognized the FPT Industrial engine which has provided a breakthrough in flexibility, reliability, performance and consumption in its category.

The N45 is a StagellIB / Tier4 Interim compliant, **4.5-liter 4-cylinder in-line engine**, capable of providing a **max power** of **175 hp** and a **max torque** of **710 Nm**. The N45 engine also features a **SCR-only system**, in which FPT Industrial has long-standing experience, while the efficiency is granted thanks to an **EGR-free combustion**.

This engine, together with the entire and well renowned NEF family, assures **efficiency**, **robustness** and **quality**, while allowing for the achievement of high performance in terms of **load response**. All this whilst delivering **low fuel consumption** and **long maintenance intervals** (up to 600 hours) to ensure extremely **low operating costs**. Furthermore, its structural layout is developed in order to be perfectly integrated into the vehicle structure.

FPT Industrial is proud to underline its **strong market leadership in Europe** for Agricultural machinery engines over 30 hp, and this accolade is a further recognition of the constant innovation, research and development dedicated to our customers.

N45 a StagellIB / Tier4 Interim Specifications

Architecture:	In-line 4-cylinder engine
Injection System:	Common rail (up to 1,600 bar)
Air Handling:	Wastegate
Valves per Cylinder (number):	4
Displacement (l):	4.5
Bore x Stroke (mm):	104 x 132
Max Power (hp):	175
Max Torque (Nm):	710
Dimensions LW/H (mm):	816/687/1049
Dry weight (kg):	475
Oil change interval (h):	600
EGR:	No
ATS:	SCR-only
ATS maintenance interval (h):	For-Life

FPT Industrial is a brand of CNH Industrial, dedicated to the design, production and sale of powertrains for on and off-road vehicles, marine and power generation applications. The company employs more than 8,000 people worldwide, in ten manufacturing plants and seven R&D Centres. The FPT Industrial sales network consists of 93 dealers and over 900 service centres in almost 100 countries. A wide product offering, including

six engine ranges from 42 hp up to 1,006 hp, transmissions with maximum torque of 200 Nm up to 500 Nm, front and rear axles from 2 to 32 ton GAW (Gross Axle Weight) and a close focus on R&D activities make FPT Industrial a world leader in industrial powertrains.
