

New Holland Construction Offers Unlimited-Hour, First Year Warranty on Skid and Track Loaders

New Holland, Pa. (December 8, 2017) – New Holland Construction now offers unlimited hours within the first year of its new STANDARD 2-year, 2,000 hour full machine warranty on SuperBoom™ skid steers and track loaders.

This warranty update covers all newly purchased 200 Series skid steer and compact track loader models. “What’s exciting about this warranty is that it offers unlimited hours in the first year. Meaning, that new machines will be covered with the standard warranty for potentially thousands of operation hours worked within the first twelve months”, says Doran Herritt, Marketing Segment Lead of New Holland Construction. “We believe we are delivering a very high quality product”, Herritt continues. “This new warranty, reflects that belief.”

New Holland’s full-line of 7 skid loader models and 4 track loader models, produced at a manufacturing plant in Wichita, Kansas, are included in this warranty protection. The plant recently received CNHi’s World-Class Manufacturing – Silver Level Certification for the highest standards in global manufacturing.

For more information on the full line of New Holland skid and track loaders, visit construction.newholland.com
