

IVECO and BNP Paribas Leasing Solutions join forces to foster energy transition in the commercial vehicles industry with Green Finance schemes

Turin, 8 February 2018,

IVECO and BNP Paribas Leasing Solutions have joined forces to help transport operators to renew their fleets with more environmentally friendly commercial vehicles: the purchasers of IVECO vehicles featuring its Natural Power technology, which runs on Compressed Natural Gas (CNG), Liquefied Natural Gas (LNG) and bio-methane, its Electric solutions or advanced Euro 6 RDE 2020 Ready technologies will be granted preferential financing conditions.

IVECO is today the European market leader for alternative fuel vehicles with its wide offering featuring sustainable solutions. The IVECO range of alternative traction commercial vehicles covered by the preferential financing conditions include:

- The **Daily Blue Power range**, IVECO's sustainable range that offers the choice of three technologies: **Daily Electric**, the zero-emissions vehicle that enables circulation in cities with the strictest traffic restrictions; the **Daily Euro 6 2020 RDE Ready**, featuring next-generation Diesel that anticipates 2020 environmental targets by 3 years; and the **Daily Hi-Matic Natural Power**, the first CNG light commercial vehicle with an 8-speed automatic gearbox in the market, which offers the perfect combination of low emissions and driveability for urban areas.
- The **Eurocargo Natural Power**, "The truck the city likes" for its extremely low emissions and quiet operation, which makes it ideal for night-time operations and deliveries in restricted traffic zones;
- The **Stralis NP 460**, the most sustainable truck ever and the only full range of natural gas heavy trucks (powered by CNG, LNG and biomethane) with the latest-generation automated transmission designed to serve even the most demanding long-distance missions.

Pierre Lahutte, IVECO Brand President declared: *"IVECO has a long-standing commitment to sustainable transport. We have pioneered alternative traction technologies for over 20 years with the objective of providing our customers with vehicles that enable them to be more sustainable, while operating profitably. With the Green Finance schemes, we take our commitment a step further, by helping our customers' energy transition as they make their fleets more environmentally friendly. This initiative with BNP Paribas Leasing Solutions is testament to what can be achieved when two players from different industries join forces for such an important cause."*

PRESS RELEASE

CNH Industrial Capital Europe

CNH Industrial Capital Europe, a joint venture between CNH Industrial NV and BNP Paribas Leasing Solutions, has been offering leasing and financing services to IVECO dealers and customers since 2014, under the IVECO Capital brand, the Industrial & Utilities branch of CNH Industrial. The Joint Venture also offers, under the CNH Industrial Capital brand, finance and leasing services for the Agricultural and Construction vehicles of the CNH Industrial brand.

IVECO

IVECO is a brand of CNH Industrial N.V., a World leader in Capital Goods listed on the New York Stock Exchange (NYSE: CNHI) and on the Mercato Telematico Azionario of the Borsa Italiana (MI: CNHI). IVECO designs, manufactures and markets a wide range of light, medium and heavy commercial vehicles, off-road trucks, and vehicles for applications such as off-road missions.

The brand's wide range of products include the Daily, a vehicle that covers the 3 – 7.2 ton vehicle weight segment, the Eurocargo from 6 – 19 tons, the Trakker (dedicated to off-road missions) and the Stralis, both over 16 tons. In addition, the IVECO Astra brand builds off-road trucks and special vehicles.

IVECO employs close to 21,000 individuals globally. It manages production sites in 7 countries throughout Europe, Asia, Africa, Oceania and Latin America where it produces vehicles featuring the latest advanced technologies. 4,200 sales and service outlets in over 160 countries guarantee technical support wherever an IVECO vehicle is at work.
