

Celebrating Life in Motion

FILA
WINTER 2015

The leaves have fallen and we're turning up our collars.
Our gloves and beanies are coming out and going on as
we hit the pavements on our early morning runs,
breathing puffs of vapour into the crisp air.

Don't let the cold chill of the winter months stop you
from enjoying your active life outdoors. It's all about
winter coats, puffy vests and layering to keep you warm
and dry through the cooler weather.

The best style in winter is warmth, and we've got you
covered in our Winter 2015 Collection.
