PLAY LIKE AN ICON

With over forty years of sportswear experience under its belt, FILA has made a name for itself as the creator of designs that are iconic in the worlds of fashion and sport alike. This season's Heritage collection is an evolved take on the most timeless FILA looks. While the red, white, and navy color palette are plucked directly from the brand's archives, elements like pinstripe textured mesh, ergonomic seam lines, a raised rubber logo, and breathable stretch fabric are a completely fresh and new chapter in FILA's history. FILA Heritage. A beautiful melding of the past with the present.
