

GOODYEAR

Winter Event workshops

GOODYEAR

MADE TO FEEL GOOD.

Workshop: Snow Circle UltraGrip ICE 2

MADE TO FEEL GOOD.

WORKSHOP – Snow Circle

UltraGrip Ice 2

Test

- Side grip and overall level of grip (front and rear axle)

Vehicle

- BMW 330i:

Tires

- UltraGrip ICE 2
- 225/50 R 17 98 T

Debriefing

- Tips and tricks for improved performance

Instrumentation

- Video VBOX with SD card
- Satellite data acquisition: speed, GPS position

Instructors

- Roby Besch
- Quentin Pierre

Speaker

- Carine Schuler

MADE TO FEEL GOOD.

WORKSHOP – Snow Circle UltraGrip ICE 2

Feature

Combination of straight sipes with active block cuts

Benefit

Provides strong grip on snow and better ice handling performance

MADE TO FEEL GOOD.

**Workshop: Ice Handling
UltraGrip Ice Arctic**

MADE TO FEEL GOOD.

WORKSHOP – Ice Handling

UltraGrip ICE Arctic

Test

- Subjective testing: traction, braking, pure lateral grip, understeer/oversteer, steering precision, throttle release

Vehicle

- VW Golf VII

Tires

- UltraGrip ICE Arctic
225/45 R 17 94 T XL

Debriefing

- Tips and tricks for improved performance

Instrumentation

- Video VBOX with SD card
- Satellite and CAN-BUS data acquisition: speed, RPM, GPS position, throttle, brake pressure & steering angle

Instructors

- Rene-Pierre Froissard
- Cyril Floris

Speaker

- Jérôme Delu

MADE TO FEEL GOOD.

WORKSHOP – Ice Handling UltraGrip Ice Arctic

Better control on ice with

Multicontrol Ice Technology

Feature

Directional stud technology

Benefit

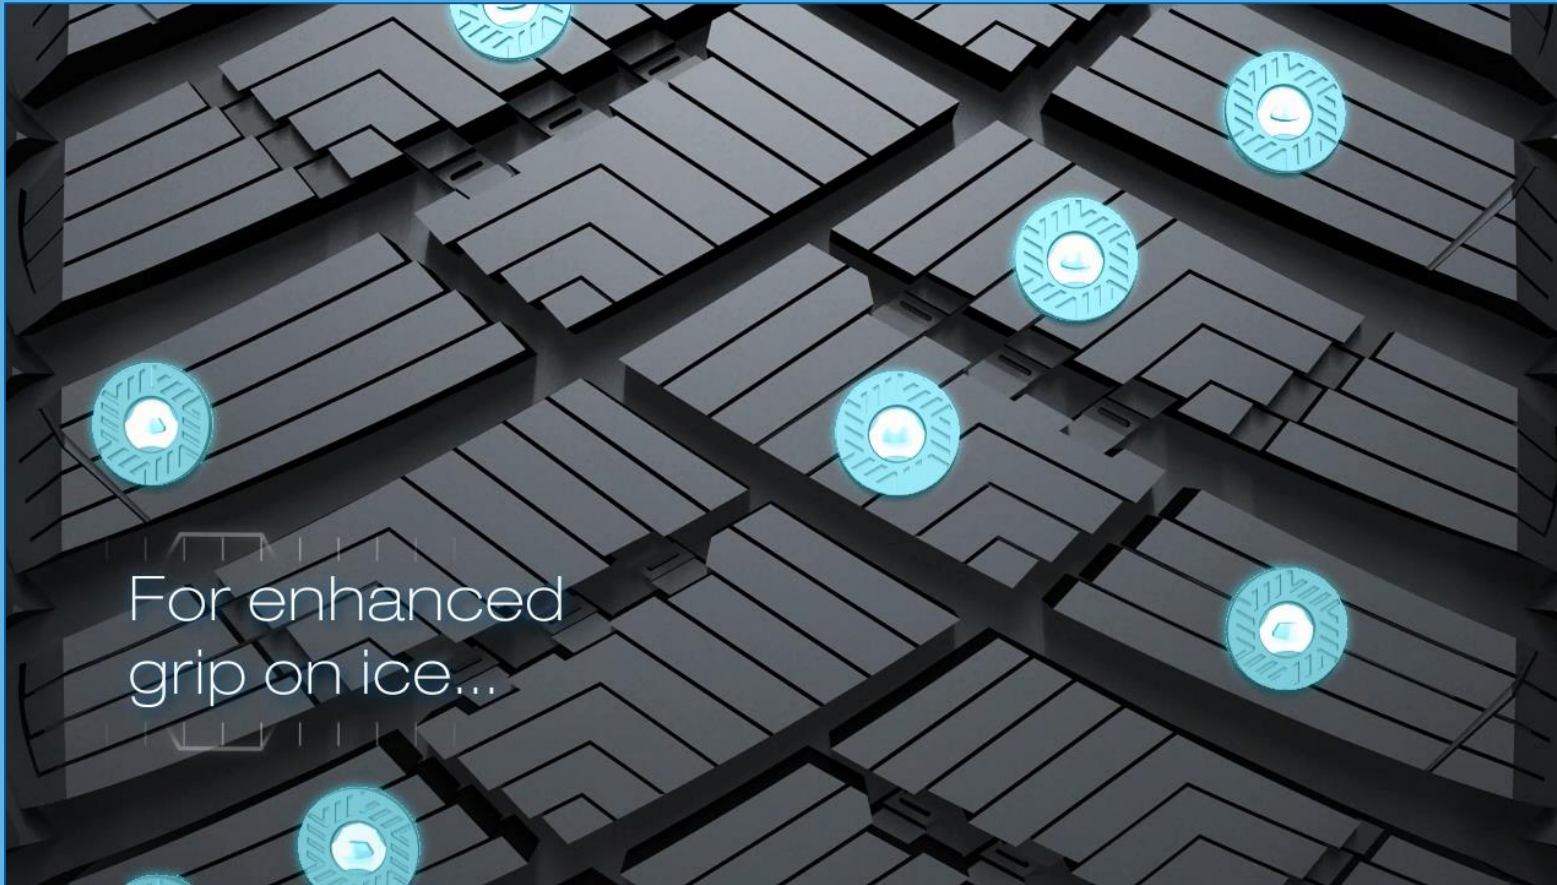

Enables better grip and handling on ice

WORKSHOP – Ice Handling

UltraGrip Ice Arctic

Feature

Innovative pin shape

Benefit

Increased and harmonized contact force on ice for efficient braking

Workshop: Slalom + braking on snow UltraGrip ICE 2

WORKSHOP – Slalom + braking on snow

UltraGrip ICE 2

Test

- Objective testing: measurement of longitudinal grip through acceleration and braking distance between specific speed limits

Vehicle

- BMW 330i

Tires

- UltraGrip ICE 2
- 225/50 R 17 98 H

Speaker

- Joachim Meis

Instrumentation

- Video VBOX with SD card, satellite data acquisition: speed, GPS position
- VBOX, satellite data acquisition: displaying speed and dedicated software measuring lap time and remaining distance

Contest

- Slalom driving and braking as close as possible to a foam wall
- All lap times and braking distances will be recorded and at the end the winner will be announced

Instructors

- Adrien Dondlinger
- Dylan Cirri

WORKSHOP – Slalom + braking on snow

UltraGrip ICE 2

Feature

Straight siping

Benefit

Enables better traction and braking on snow and ice

MADE TO FEEL GOOD.

Workshop: Co-pilot experience UltraGrip Ice Arctic SUV

GOODYEAR

MADE TO FEEL GOOD.

WORKSHOP – Co-pilot experience

UltraGrip Ice Arctic SUV

Test

- Subjective testing: judge behavior of all performance criteria of the tire. Tire needs to be as efficient as possible and to be able set fast lap time without compromising on safety
- Finding the right balance

Vehicle

- BMW X3 30D

Tires

- UltraGrip Ice Arctic SUV
- 225/60 R 18 104 V XL

Instrumentation

- Recording lap timing: tablet chronometer
- Video VBOX with SD card, satellite data acquisition: speed, GPS position

Driver

- Joel Boudon
- Ferd Gengler

Speaker

- Marc Roquefort

MADE TO FEEL GOOD.

WORKSHOP – Co-pilot experience

UltraGrip Ice Arctic SUV

Feature

Ice-Grip compound

Benefit

Optimal driving performance with strong grip on ice and snow
