

FPT INDUSTRIAL PARTNERS WITH GIORGIO MORODER FOR A SPECIAL EVENT IN MUNICH

Turin, April 9, 2019

When two pioneers meet, the future can *take your breath away*. Yesterday, a special encounter between **FPT Industrial**, pioneer of the powertrain industry, and **Giorgio Moroder**, pioneer of the music industry, offered a glimpse of what the future may hold.

Performing his first ever live tour in Europe, Giorgio Moroder stopped in **Munich**, Germany, where he first gained popularity, to perform at **Technikum music venue** for special guests of FPT Industrial. The Brand, dedicated to the design, production and sale of powertrains for on and off-road vehicles, marine and power generation applications, is taking part in **Bauma 2019** and took advantage of the occasion to organize this exclusive event.

Giorgio Moroder is known as the father of **disco music** and for his film scores for **Top Gun**, **Flashdance**, **Midnight Express**, **Metropolis**, and many others. Winner of three Academy Awards, four Golden Globes, four Grammys and more than 100 gold and platinum records, Moroder has worked as a producer, composer and performer with the most influential music artists, such as **Donna Summer**, **David Bowie**, **Barbra Streisand**, **Elton John**, **Freddy Mercury** and **Daft Punk**.

In yesterday's performance, Moroder showed his energy and innovative spirit with a selection of his best hits, considered landmarks in music history. Just like him, FPT Industrial is driven by **innovation** and **quality**. With 150 years of experience, the Brand has introduced groundbreaking solutions, such as the **Common Rail**, **Turbocharging** and **Natural Gas engines** with the same performance as Diesel – all milestones that have subsequently become standard technologies for the entire market.

Recently, FPT Industrial also revealed the power source concept **Cursor X**, which represents its vision of the future through four main characteristics: **Multi-Power**, **Modular**, **Multi-application** and **Mindful**. The Cursor X concept was on stage during Giorgio Moroder's concert, symbolizing how FPT Industrial conceives innovation and its commitment to the research and development in alternative fuels.

Together, FPT Industrial and Giorgio Moroder are starting a special project, the likes of which has never been seen before. Visit [this link](#) to discover firsthand more about this exciting partnership and stay tuned!

FPT Industrial is a brand of CNH Industrial, dedicated to the design, production and sale of powertrains for on and off-road vehicles, marine and power generation applications. The company employs more than 8,000 people worldwide, in ten manufacturing plants and seven R&D Centres. The FPT Industrial sales network consists of 73 dealers and about 800 service centres in almost 100 countries. A wide product offering, including six engine ranges from 42 hp up to 1,006 hp, transmissions with maximum torque of 200 Nm up to 500 Nm, front and rear axles from 2 to 32 ton GAW (Gross Axle Weight). FPT Industrial offers the most complete Natural Gas engines line-up on the market for industrial applications, including engine ranges from 136 hp up to 460 hp. This extensive offer and a close focus on R&D activities make FPT Industrial a world leader in industrial powertrains. For further information, visit www.fptindustrial.com.
