Meural Canvas

The Meural Canvas smart art frame, powered by NETGEAR®, brings every brushstroke to life with patented *TrueArt* technology. Discover art daily: access tens of thousands of works—and upload your own photography. You can hang it in horizontal or vertical and control it through web, mobile app, gesture, or voice.

Features

Bring every brushstroke to life
Our patented *TrueArt* technology renders images as lifelike as a museum original.

Your passport to the world of art
Each Meural Canvas includes 100 curated images from Meural's art library. With the Meural Membership, your Canvas can access the Meural art library from classic to conceptual, and beyond. You'll also get premium works from leading partners, exclusive editorial, and more.

4 ways to instantly change art
Browse art, create playlists, and customize settings with the Meural app, my.meural.com, or the wave of your hand. You can even explore art without lifting a finger using your Amazon Alexa—with more smart home integration coming soon.

Orientation versatility
The Canvas automatically detects the current orientation automatically, so you can hang in either horizontal or vertical and guarantee images are always displayed correctly. And now, with the Meural Swivel Mount, it's easy to switch. You can effortlessly change between horizontal and vertical in seconds.

Energy efficient
Uses less than half the power of a common light bulb

Built-in memory
Canvas includes 8GB of memory

A style for every wall
Beautifully designed and expertly crafted. Choose from 2 frame styles and 3 colors.

WiFi Connected

Access your Meural Canvas from anywhere in the world—browse Meural's art library or upload your own photos, then send them directly to your WiFi-connected frame.
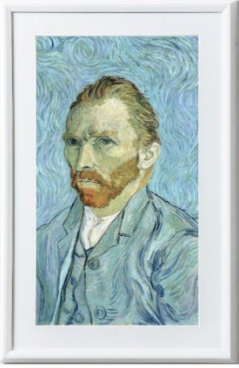

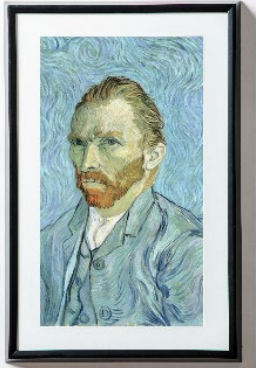

Brightness controls

The ambient light sensor will adjust to the optimal level of brightness in any room to perfectly display your art or you adjust it yourself.

Canvas Settings

The Canvas is fully customizable. You can schedule art to your routine or time of day, have it turn off when the room goes dark, have artwork rotate at your desired speed or not at all, and much more.
