NETGEAR ProSAFE 24-Port Gigabit PoE+ Smart Managed Switch

Switches with Essential L2 Features for SMB Networks

- 24-port 1000Base-T Gigabit PoE Smart Switch.
- 4 dedicated SFP ports
- 24 PoE+ ports
- 384W PoE budget and up to 720W with EPS.
- Auto Voice VLAN for fast and reliable deployment of VoIP.
- Static routing, helps to route internal traffic for more efficient use of network resources.
- IGMP and MLD snooping, providing advanced multicast filtering.
- Comprehensive IPv6 supporting management, QoS and ACL.
- Easy to manage via Web-based management GUI or Smart Control Center for multi-switch deployment.

The NETGEAR ProSAFE 24-Port Gigabit PoE+ Smart Managed Switch offers powerful L2+/Layer 3 Lite features, better PoE functionality, and enhanced performance and usability. They are purposely designed for converged networks where voice, video, data are all carried on a single network platform. These switches are optimized for network efficiency, operational cost savings, and ease of management.

Package Contents

- ProSAFE 24-Port Gigabit PoE+ Smart Managed Switch (GS728TPP)
- Power Supply
- Rack-mounting kit
- Quick Install Guide
- Resource CD with PC Utility Software
