

**Dr Kai-Michael Beeh**

*Founder and Medical Director of insaf Respiratory Research Institute, Wiesbaden, Germany.*

After studies in Medicine and the History of Arts in Frankfurt, Germany, Dr Kai-Michael Beeh was trained at Mainz University Hospital from 1997 to 2004, and received board certifications in Internal Medicine (2003) and Pulmonary Medicine (2004).

In 2004, he founded the insaf Respiratory Research Institute in Wiesbaden, a privately owned clinical research facility, where he also holds the position of Medical Director. After receiving the *venia legendi* for Internal Medicine from the medical faculty of the University of Mainz, Germany in 2004, he serves as external lecturer ('Privatdozent'/adjunct Professor) at Mainz University Hospital. Dr Beeh has designed and conducted more than 80 clinical trials in asthma, COPD and rhinitis, acting as Principal Investigator or Clinical Trial Leader.

In 2009, he founded AEREON Consulting, a clinical service company. He is Associate Editor of "Advances in Therapy" and has published and co-authored over 60 peer-reviewed articles on pathophysiology and pharmacotherapy of chronic airway diseases. He reviews scientific articles for biomedical journals such as the *European Respiratory Journal*, *Chest*, *Clinical & Experimental Allergy*, and others. Dr Beeh is a member of the European Respiratory Society, German Society of Pneumology, and Association of German Allergists.
