PwC positioned as a Leader in Gartner's 2015 Magic Quadrant for SAP Implementation Services, Worldwide.

PwC has been positioned in the leaders' quadrant of Gartner's **2015 Magic Quadrant for SAP Implementation Services, Worldwide.**

The Magic Quadrant, evaluates service providers for SAP programs that include the ability to provide a comprehensive set of consulting, system integration and implementation services across multiple SAP applications, products and technologies. It also evaluates the ability to service multiple industries in multiple geographies.

According to Gartner, "Leaders are performing well today, gaining traction and mind share in the market, they have a clear vision of market direction and are actively building competencies to sustain their leadership position in the market. The players in this quadrant generally have a global client base, a track record of implementing complex SAP programs globally that support business transformation, and well-balanced business, process and industry consulting and implementation capabilities that are supported by rigorous tools and methodologies."

Juan Pujadas, Global Advisory Chairman, said "We are proud to have been recognised as a Leader in Gartner's Magic Quadrant for SAP Implementation Services, Worldwide. We focus on aligning business with IT and add value in differentiated processes."
