

CV Lars Oyntzen

Lars Oyntzen has been a fan of FC Bayern Munich since childhood, and is now living his dream by serving as a Business Intelligence Consultant and Project Manager for evosoft GmbH. Mr. Oyntzen and his team are responsible for the development of the MindSphere 'greenskeeper' app, analyzing the data, visualizing it and predicting future developments. Mr. Oyntzen received his Master's degree in International Information Systems – a new name for business informatics – at Friedrich-Alexander Universität Erlangen-Nürnberg (FAU). He's been a project manager and data analyst at evosoft for over five years. He is also a goalkeeper for ASV Weisendorf, and competes in the district league with his team.
