### **“Change Doesn’t Happen Alone”**

#### **VOICEOVER:**

More than 70,000 people die from drug abuse in a year.

7.5 million people work more than one job to make ends meet.

Human trafficking is a \$32 billion dollar industry in the U.S.

On a single night, over half a million people are homeless in the U.S.

Together, with thousands of corporate partners and millions of donors and volunteers, United Way fights for the health, education, and financial stability of every person in every community.

Together, in a year, we help

.... more than 3 million people get healthcare services and support.

...and over 1 million people get on the path to financial stability.

We help more than 2 million at-risk teens with out-of-school programs and individualized support.

... and over half a million people get back on their feet with job skills training.

These are the faces of change. You can be one too.
