

Hands-Only CPR PSA

2021 :60 Script

We have the world at our fingertips, inspiration in our touch and power in our hands.

Our hands...

Gentle enough to hold the next generation,
yet strong enough to build movements that can change the world.

Our hands can build relationships, frame ideas, and empower communities.

We have the ability to share and imagine, create, and comfort, love and heal the world around us.

And it doesn't stop there.

Right here... in our hands... we have the power to save a life.

If you see a teen or adult suddenly collapse,
Call 9-1-1 and push hard and fast in the center of the chest.

The power is in YOUR hands.
