SCRIPT

Heart disease and stroke can affect women at any age.

*((Chyron))
Richa Moorjani, Actress and Activist*

In fact, almost half of women over the age of 20 are living with some form of cardiovascular disease.

*((GRAPHIC))
Cardiovascular disease can strike ALL AGES*

I never thought it could happen to me.

*((Chyron))
Katherine McNamara
Award-Winning Actor, Singer & Producer*

Women experience unique life stages such as pregnancy or menopause

*((Chyron))
Susan Lucci, Go Red for Women Ambassador, Survivor*

That can increase their risk of developing cardiovascular disease over the course of their lifetime.

*((Chyron))
Sherri Shepherd, Daytime Emmy Award-Winning Talk Show Host*

But here's the good news, women have the best resource.

*((Chyron))
Mira Sorvino, Academy Award-Winning Actress*

We have each other.

Join us and millions of women as we go red together.
