

## 60 Second Why I See Say Radio Script

Why?

Why take a chance?

Why risk a mistake?

Why say something?

We all have reasons why we choose to ignore the things that give us pause.

That seem out of place. That don't feel right.

The word "Why" can either paralyze us or empower us to stand up and protect what we love.

So, if you see something, why do you say something?

I SeeSay for my family.

I SeeSay for my friends.

I SeeSay for my students

We SeeSay for each other.

I SeeSay because all of this

matters.

We all have something worth protecting.

A "Why" that unifies this community we are all part of.

So, protect your every day.

Report suspicious activity to local authorities.

If you see something, say something.
