## THE PENINSULA TOKYO LAUNCHES NEW ESPA LIFESTAGE FACIALS

From January 1, 2015, The Peninsula Spa introduces additional age defying treatments to its impressive repertoire with the introduction of the Lifestage Facials. Harnessing the power of the latest skincare technology from ESPA, the treatments have been specially developed to target the tell-tale signs of ageing while giving skin a revitalizing boost. Better yet, the facials produce immediately visible results by firming skin and smoothing lines and wrinkles.

The treatments use ESPA's new Lifestage range, including Net8 Serum, Stage Release Moisturizer and Stage Release Eye Moisturiser, all of which incorporate Natural Encapsulation Technology, an innovative delivery system that creates a protective outer shell on the skin. This shell in turn holds numerous microspheres infused with a unique blend of 10 active ingredients in their purest and most concentrated form, which are then released into the epidermis in stages for up to eight hours to offer maximum benefit and give skin a revitalizing boost.

The highly effective facials also promote increased radiance, stimulate elasticity, relieve dehydrated skin, reduce age spots and pigmentation, and combat enlarged pores and redness, giving skin an energizing pick-me-up. The ESPA products are, on average, 98% natural and lightly fragranced with an essential oil blend that includes rose damascena, neroli and jasmine absolute.

The facials are available in two indulgent treatments:

### **Ultimate Lifestage Facial (1 hour 20 minutes, JPY 32,500)**

Incorporating a deep brush cleanse, Skin Radiance Mask, specialized age defying and lifting facial massage techniques and the application of the professional Lifting and Smoothing Mask, containing concentrated Seaweed extracts, Argan oil and Menthol, skin will be left visibly more plumped, with a firmer appearance.

Incorporating the advanced Lifestage product range, this facial will minimize wrinkles, immediately improve hydration levels, while helping to reduce the appearance of pigmentation, large pores and redness. A Skin Radiance Mask will also be applied to firm and stimulate elasticity leaving the skin revitalized and radiant.
