Wynn Palace Tops Macau Entries at China Property Awards 2016

Resort recognized for outstanding architecture and design

Macau, December 14, 2016 – Wynn Palace Cotai is the most celebrated hotel in Macau at this year’s prestigious China Property Awards 2016 held in Hong Kong, honored across three categories including “Best Luxury Hotel Development”, “Best Hotel Architectural Design” and “Best Hotel Interior Design”.

Wynn Palace Cotai is an elegant new destination resort for refined travelers, designed around a beautiful floral theme. Inspired by a desire to honor Chinese culture, the resort showcases a 21st century reinvention of Chinoiserie, the great artistic encounter between East and West in the 17th and 18th centuries, while at the same time placing it in the context of a magical escape into a vivid and colorful floral wonderland. This spirit is on vivid display throughout the interior through the use of fine textiles, bold colors, rare materials and Wynn Palace’s spectacular art collection. A new vocabulary, based in classical contemporary European forms fused with traditional Chinese elements and practices, gives the project a timeless design.

Now in its third year, the China Property Awards is the biggest and most credible industry awards in Greater China. It is part of the Asia Property Awards, launched in 2005, which is the region’s most respected real estate awards program and that rewards and celebrates only the best achievers in the world’s most dynamic markets, here in Asia.
