Encore Beach Club and Encore Beach Club at Night Create an Unparalleled Day-to-Nightlife Experience

LAS VEGAS -- Steve Wynn set a new standard in Las Vegas and beyond with the creation of Encore Beach Club and Encore Beach Club at Night, the expansive daylife/nightlife entertainment complex in Encore at Wynn Las Vegas. The opulent venue blends the daytime beach party and sexy nightclub into an experience that transitions guests from day to night.

Encore Beach Club is the premier destination for the trendsetter seeking the quality party atmosphere usually found in European hot spots. Upon entering the 55,000-square-foot venue, guests are treated to a lush oasis featuring 40-foot palm trees surrounding three tiered pools. The deck offers couches and day beds featuring private safes. Guests preferring a cooler spot can choose to lounge on oversized lily pads resting in shallow water or dance under one of the shower poles. Encore Beach Club's gaming pavilion beckons those looking to try their luck at blackjack.

A more private Encore Beach Club experience can be found at one of the 26 cabanas outfitted with refrigerators and flat screen televisions. The exclusivity and opulence of the eight bungalows spanning 350 square feet have set Encore Beach Club apart from its predecessors. Offering views of the Las Vegas Strip and of the pool party action itself, these VIP enclaves feature private dipping pools, showers, lavish furnishings and a temperature-controlled cooling and heating system set to each guest's preferences.

Encore Beach Club at Night is the chic choice for those seeking an upscale nightlife party. The sensual indoor/outdoor venue is the ultimate environment for partygoers to enjoy the DJ sets by the biggest names in electronic dance music DJs. The inside offers a traditional premium nightlife environment with plush VIP tables and the club's signature back bar 90-foot metallic snake. Outside, extravagant cabanas and bungalows provide guests the opportunity to party under the stars, as the seasons allow.

John Lyons Systems, the award-winning lighting and sound firm, developed a showcase DJ booth and audio system designed to withstand outdoor elements while delivering exceptionally rich, clear sound. Guests are dazzled by the eclectic décor, expansive bar and state-of-the art DJ booth featuring technology that can provide individual soundtracks for the nightclub, Encore Beach Club or an all-encompassing vibe for the entire venue. Through the use of innovative lighting technology from Lyons, the various architectural elements are illuminated, creating a striking, animated effect.

Encore Beach Club also features its own grill available to all patrons. Guests can indulge in flavorful fare including fresh salads, hearty sandwiches, wraps and BBQ items while enjoying the vibrant daytime pool party scene.
