## THE SPA AT ENCORE

The Forbes Travel Guide Five Star Spa at Encore is an exclusive sanctuary designed for each one of our guests. With world-class service and a team of highly skilled therapists, the spa offers exquisite signature treatments, relaxing massages and results-driven facials.

The Spa at Encore takes guests on a journey of extravagant indulgence. From the warmth and serenity of the finely appointed relaxation areas to the invigorating walk-in steam rooms and showers, each turn reveals a new degree of soulful luxury and ethereal pleasure.

For complete comfort and privacy, every one of our eight luxurious Private Spa Relaxation Suites (one couple's room and seven single rooms) features its own steam room, sauna, hydrotherapy aroma bath and relaxation lounge. Dedicated therapists deliver tailored programs for the ultimate personalized spa experience. The 11,500 square foot Spa at Encore offers private therapies and invigorating water facilities.

Beautiful citrine crystals — citrine being known as “the crystal of wealth” — line the Spa reception and promote good fortune for guests, balance male and female energies and carry the power of the sun. Distinctive in feel, the Spa features rare textures and materials - leather, bronze, dark woods and marble - to offer a sensual, tactile experience.

The Spa at Encore is renowned for its luxurious signature treatments. “1-6-8” is a perfect example. Six therapist hands deliver a series of treatments over a leisurely time of 168 minutes. The ultimate in pampering begins with a full-body Himalayan salt scrub and aromatherapy steam experience, followed by a thoroughly relaxing four hand massage and revitalizing facial. And one final touch: a hydrating paraffin treatment for hands, and a soothing reflexology foot massage.
