Wynn Resorts, Limited Reports Third Quarter 2019 Results

LAS VEGAS, November 6, 2019 — Wynn Resorts, Limited (NASDAQ: WYNN) (the "Company") today reported financial results for the quarter ended September 30, 2019.

"We delivered solid financial results in the third quarter, despite negative hold impact in both Macau and Las Vegas," said Matt Maddox, CEO of Wynn Resorts, Limited. "In Macau, the investments we have made position us well to compete in any market environment, as evidenced by record mass table win in the quarter. Our strategy at Wynn Las Vegas continues to bear fruit as we increased market share in our domestic gaming business and drove nearly 4% year-on-year growth in RevPAR. During our first full quarter of operations at Encore Boston Harbor, we have been particularly pleased with the strength of our table games business and we are encouraged by the opportunity to drive growth at the property over the next several years."

"On the development front, we are on track to launch the renovated West Casino at Wynn Macau beginning in late 2019, further solidifying the property as the peninsula's marquee integrated resort. In Las Vegas, our 430,000 square foot group space expansion is on schedule to open in the first quarter of 2020 and feedback from meeting planners has been very encouraging. Importantly, we were pleased to be certified as the only casino resort in Las Vegas as a 'Great Workplace' by the analysts at Great Place to Work® highlighting the advancements we have made in our corporate culture over the past eighteen months. We are excited about the outlook for the Company and we will continue to focus on leveraging our premium-focused business model to drive long-term returns for shareholders."

Development Projects

We recently completed our reconfiguration of the Wynn Las Vegas golf course and opened the golf course on October 11, 2019. We are constructing an approximately 430,000 square foot meeting and convention facility at Wynn Las Vegas. The facility will feature approximately 217,000 square feet of state-of-the-art meeting and convention space available for group reservations. Based on current designs, we estimate the total project budget to be approximately \$425 million. As of September 30, 2019, we have incurred \$302.7 million in total project costs. We expect to open the additional meeting and convention space in the first quarter of 2020.

Balance Sheet

Our cash and cash equivalents and restricted cash as of September 30, 2019 totaled \$1.68 billion.

As previously disclosed, on September 20, 2019, Wynn Resorts Finance, LLC (formerly known as Wynn America, LLC) ("WRF") and certain subsidiaries of WRF, issued \$750.0 million aggregate principal amount of 5 1/8% Senior Notes due 2029 (the "2029 Notes"). The 2029 Notes will mature on October 1, 2029 and bear interest at the rate of 5 1/8% per year.

Concurrently with the issuance of the 2029 Notes, WRF entered into a credit agreement to provide for a \$1.0 billion term loan and an \$850.0 million revolving credit facility (the "WRF Credit Agreement"). The WRF Credit Agreement matures on September 20, 2024 and bears interest at a rate of LIBOR plus 1.75% per year.

We used the net proceeds from the above transactions to refinance the existing Wynn America credit facilities and the Wynn Resorts term loan and to pay related fees and expenses.

Total current and long-term debt outstanding at September 30, 2019 was \$9.54 billion, comprised of \$4.06 billion of Macau related debt, \$3.11 billion of Wynn Las Vegas debt, \$1.76 billion of Wynn Resorts Finance debt, and \$611 million of debt held by the retail joint venture which we consolidate.

Forward-looking Statements

This release contains forward-looking statements regarding operating trends and future results of operations. Such forward-looking statements are subject to a number of risks and uncertainties that could cause actual results to differ materially from those we express in these forward-looking statements, including, but not limited to, controversy, regulatory action, litigation and investigations related to Stephen A. Wynn and his separation from the Company, extensive regulation of our business, pending or future claims and legal proceedings, ability to maintain gaming licenses and concessions, dependence on key employees, general global political and economic conditions, adverse tourism trends, dependence on a limited number of resorts, competition in the casino/hotel and resort industries, uncertainties over the development and success of new gaming and resort properties, construction risks, cybersecurity risk and our leverage and debt service. Additional information concerning potential factors that could affect the Company's financial results is included in the Company's Annual Report on Form 10-K for the year ended December 31, 2018 and the Company's other periodic reports filed with the Securities and Exchange Commission. The Company is under no obligation to (and expressly disclaims any such obligation to) update or revise its forward-looking statements as a result of new information, future events or otherwise.

Non-GAAP Financial Measures

(1) "Adjusted net income attributable to Wynn Resorts, Limited" is net income (loss) attributable to Wynn Resorts, Limited before litigation settlement expense, nonrecurring regulatory expense, pre-opening expenses, property charges and other, change in derivatives fair value, change in Redemption Note fair value, (loss) gain on extinguishment of debt, foreign currency remeasurement loss, net of noncontrolling interests and income taxes calculated using the specific tax treatment applicable to the adjustments based on their respective jurisdictions. Adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited per diluted share are presented as supplemental disclosures to financial measures in accordance with GAAP because management believes that these non-GAAP financial measures are widely used to measure the performance, and as a principal basis for valuation, of gaming companies. These measures are used by management and/or evaluated by some investors, in addition to net income (loss) and earnings per share computed in accordance with GAAP, as an additional basis for assessing period-to-period results of our business. Adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited per diluted share may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

(2) "Adjusted Property EBITDA" is net income (loss) before interest, income taxes, depreciation and amortization, litigation settlement expense, pre-opening expenses, property charges and other, management and license fees, corporate expenses and other, stock-based compensation, (loss) gain on extinguishment of debt, change in derivatives fair value, change in Redemption Note fair value and other non-operating income and expenses. Adjusted Property EBITDA is presented exclusively as a supplemental disclosure because management believes that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. Management uses Adjusted Property EBITDA as a measure of the operating performance of its segments and to compare the operating performance of its properties with those of its competitors, as well as a basis for determining certain incentive compensation. The Company also presents Adjusted Property EBITDA because it is used by some investors to measure a company's ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported EBITDA as a supplement to GAAP. In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including Wynn Resorts, Limited, have historically excluded from their EBITDA calculations pre-opening expenses, property charges, corporate expenses and stock-based compensation, that do not relate to the management of specific casino properties. However, Adjusted Property EBITDA should not be considered as an alternative to operating income as an indicator of the Company's performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure determined in accordance with GAAP. Unlike net income, Adjusted Property EBITDA does not include depreciation or interest expense and therefore does not reflect current or future capital expenditures or the cost of capital. The Company has significant uses of cash flows, including capital expenditures, interest payments, debt principal repayments, income taxes and other non-recurring charges, which are not reflected in Adjusted Property EBITDA. Also, Wynn Resorts' calculation of Adjusted Property EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

The Company has included schedules in the tables that accompany this release that reconcile (i) net income (loss) attributable to Wynn Resorts, Limited to adjusted net income attributable to Wynn Resorts, Limited, (ii) operating income to Adjusted Property EBITDA, and (iii) net income (loss) attributable to Wynn Resorts, Limited to Adjusted Property EBITDA.
