Wynn organizes visit to “Base of the Education of Love for the Motherland and for Macau for Young People” for team members

Macau, March 19, 2021 – To enhance Wynn’s young team members’ understanding of the history of the motherland and Macau, as well as traditional Chinese culture, Ms. Linda Chen, Vice Chairman and Executive Director of Wynn Macau, Limited, led a group of 33 young team members from different departments to visit the “Base of Education of Love for Motherland and for Macau for Young People” on February 18. At the guided tour, the on-site tour guide accompanied the team members to visit the exhibition area one by one. The team members gained in-depth and comprehensive understanding of Chinese history and culture, China’s development achievements and the historical development of Macau, thus enhancing their national sentiments.

Aside from our long-serving young Wynn team members, we also invited students from local universities participating in our Wynn Internship Program to join this visit. Wynn hopes that the visit could enable our young team members to deepen their understanding, love, and sense of belonging to Macau and our motherland, joining forces to explore and build a more prosperous future for both domains.
