Macao, January 19, 2024 — Wynn has always supported the Macao SAR Government’s efforts in promoting an appropriate economic diversification development strategy, continuously enriching and showcasing Macao’s diverse tourism landscape through “tourism+” and advancing the city’s position as a World Center of Tourism and Leisure. To honor the significant achievements of China’s aerospace industry over the past 30 years and as a gift in celebration of the 25th Anniversary of the Establishment of the Macao SAR, Wynn is pleased to officially launch **Illuminarium**, a brand-new immersive destination at Wynn Palace. Primarily themed around space travel, Illuminarium gives local residents and visitors the opportunity to explore an exciting journey of discovery, marvel at the vast expanse of the universe and learn about the monumental milestones achieved by China’s aerospace industry in a fun and interactive way, delivered through a blend of technology and breathtaking beauty.

Illuminarium has been designed with the aim of supporting the moderate diversified development of Macao, and we look forward to ensuring that this brand-new immersive destination serves as a far-reaching educational platform, creates a more diversified experience for visitors, and makes significant contributions to Macao’s tourism industry.”
