Automobili Lamborghini obtains AEOF customs certificate

Recognition of maximum reliability and security

Sant'Agata Bolognese, 17 July 2015 - Automobili Lamborghini obtains the status of Authorized Economic Operator - Full (AEOF) with the issuance of the corresponding certificate by the Italian customs agency "Agenzia delle Dogane e dei Monopoli". The AEOF certificate confirms the compliance of Automobili Lamborghini with the highest level of reliability and customs security in trade with foreign countries.

Thanks to this recognition, the Sant'Agata Bolognese-based company can thus benefit from priority treatment in customs clearance as well as from the facilitation of further customs procedures.

AEOF certification is stated in the Community Customs Code and represents one of several measures to increase the effectiveness and coordination of the security checks of international commercial traffic. In order to receive the AEOF certificate, the company has been required to comply with the exact standards of customs including book-keeping, financial solvency and compliance with high safety parameters.
