### Lamborghini Blancpain Super Trofeo: official pre-season test days in Vallelunga

*Sant'Agata Bolognese/Campagnano di Roma, March 24, 2016.*

The first Lamborghini Blancpain Super Trofeo Europe pre-season test days were held at the Piero Taruffi racetrack in Vallelunga, Rome, on March 22 and 23, in advance of the opening round at Monza over the weekend of April 23-24.

Teams and drivers were able to test the Huracán LP 620-2 Super Trofeo during four intense sessions over 16 hours of track-time. The test sessions allowed for long driving stints (an average of 30 laps per session for each team) with hundreds of kilometres covered on the fast Italian racetrack in readiness for the season start: this year more exciting than ever with a record-breaking grid of nearly 40 cars expected in Monza.

The fourth and final test session scored the best performances for almost all teams: the reference time was set by Raton Racing, with Roberto Tanca and the 23-year old Danish driver Dennis Lind, with a laptime of 1'32"757 at an average speed of 158,543 km/h.

Imperiale Racing also achieved excellent chronometric results, with four cars on track assigned to Vito Postiglione/Alberto Viberti, Andrea

### **Blancpain - Innovation is our Tradition**

Founded in 1735 by Jehan-Jacques Blancpain in the Swiss Jura, Blancpain is the world's oldest watch brand. Loyal to its tradition of innovation, confirmed by countless horological complications invented over the years, this same spirit of inventiveness continues to drive the master-watchmakers of the Manufacture. Determined to move beyond the borders of its legacy, Blancpain is constantly regenerated as it pushes the frontiers of watchmaking in perpetually enhancing its timepieces.

Today, Blancpain pursues its enduring commitment to the renewal of mechanical horology, steadily passing on exceptional expertise from one generation to the next by constant investments in human resources, production technologies and research. This approach is the source of its strength and expresses a long-term vision deliberately running counter to any tendency to seek immediate profit.

From creating components to designing watches, Blancpain is distinguished by its capacity to develop exceptional timepieces and over the past eleven years, the Manufacture has introduced no less than 36 new calibres.

This philosophy is conveyed through each of the brand's creations and all its collections: from the classic Villeret to the legendary Fifty Fathoms diver's watch, as well as Grandes Complications from the Le Brassus collection and the sporty L-evolution line – while naturally never forgetting its Women models.
