### **Collezione Automobili Lamborghini in collaboration with Centro Stile e OMP designs the new driver's overalls**

*Sant'Agata Bolognese/April 26, 2017* - Collezione Automobili Lamborghini presents the ONE ART Special Edition created with the racing world in mind, where Lamborghini ranks among the leaders with the Lamborghini Super Trofeo single-brand championship in Europe, Asia, America and the Middle East: three driver's overalls designed by Lamborghini Centro Stile and made with the support of partner OMP.

The designers who pen the lines of the Lamborghini super sports cars have applied the same idea of style to the items and choice of colors of these FIA-approved garments. The hexagon and the Y, and the use of orange, green and yellow, are main elements in each of the three items that are emblazoned with the CENTRO STILE and SQUADRA CORSE logos.

A preview of the collection went on show at Monza on April 22<sup>nd</sup> during the opening race of the Lamborghini Super Trofeo Europe 2017, and consists of three garments: ONE ART RECORD, a limited edition made of 30 pieces numbered by a special label only available for purchase on the [lamborghini.com](http://lamborghini.com) website; and ONE ART RACING and ONE ART SPEED, two special editions that can also be purchased at Lamborghini dealers and at stores selling the Collezione Automobili Lamborghini and OMP ranges.

The three overalls may be ordered from 27<sup>th</sup> April.
